Overnight Trip Rules and Regulations
Jay Peak, VT - February 12-14, 2010

Please remember that you are a representative of the Charter School of Wilmington. All school rules, regulations, and policies apply throughout the entire trip.

Organizational and informational meetings are to be attended by all participants before and during the trips.

All luggage, bags, backpacks, etc. to be taken on the trip WILL be inspected before departure. If any prohibited or illegal substances are found (including, but not limited to, tobacco, alcohol, and drugs), they will be confiscated, parents and the authorities will be notified, and the student will not be permitted to go on the trip. No money will be refunded, and the school will take disciplinary action.

Portable electronic devices—including, but not limited to MP3 players, portable DVD players, CD players, and radios—are to be used with headphones.

You are legally liable for any damage to property or persons for the duration of the trip. This includes the bus, hotel, and ski area. In the event of damage to a hotel room or its property, the fee must be paid by the offender before the group departs.

Chaperones, tour staff, hotel staff, ski facility staff, and bus drivers are to be treated with respect and their requests heeded.

While we are not traveling or at a ski area, students are to remain on the hotel grounds at all times. Room curfew will be strictly enforced, and any student who leaves or attempts to leave his/her room may be subject to disciplinary action, including dismissal from the remainder of the trip.

Students must travel to and from the ski area on the CSW ski trip bus. Students are also expected to keep the bus clean at all times.

Students are expected to return to the base lodge at the ski area at the required time and be on time for all departures and meals. Please realize that the tardiness of a single person affects everyone.

All participants are required to carry identification—a school ID and/or a driver's license—at all times.

While at the ski area, participants will not always be under the direct supervision of the chaperones or tour staff. Therefore, students are REQUIRED to ski at least in pairs, preferably in small groups. At least one chaperone will ALWAYS be stationed at a specific location at a base lodge, and it is the responsibility of each student to know this location.

In the event that a student(s) is lost or disoriented, he/she should contact immediately any of the numerous ski area representatives in order to secure assistance in getting back to our meeting place.

Participants agree to ski or snowboard responsibly. This includes, but is not limited to, stopping only on the side of a trail, looking out for other skiers/riders on trails and crossovers, skiing/riding trails that are appropriate for your ability, consulting the trail map regularly to determine the best route down the mountain, skiing/riding ONLY on open trails, and avoiding collision with other skiers/riders.

Participants agree not to cut into lift lines. Ski resorts maintain strict policies regarding lift lines, and failure to adhere to these could result in losing your lift ticket. Never jump from a lift that is temporarily stalled. If there is an actual problem, you will be instructed by the ski resort authorities.

It is the responsibility of all participants to dress appropriately and to check their equipment regularly.

The Ski Club leaders reserve the right to send home any individual who endangers the health and welfare of any of the trip participants, hotel guests, or ski resort guests. Any expenses incurred due to such a dismissal are the responsibility of the participant's parent(s) or legal guardian.

I have read the above rules and regulations and agree to abide by them. _____
